- Then fill out the requested information with the following:
 - **Connection:** Rithmic 01
 - Login: Your PST Username
 - Password: Your PST Password
 - System: PropShopTrader
 - Gateway: Chicago Area
 - **Note:** You may have to click on the Right Arrow to move the screen to the right to change the Gateway field
- You will notice a yellow exclamation point on the left hand side of Rithmic 01 at first. Once you fill out the information then you can hit the blue Test button to test your connection. If all of your information is correct then the yellow exclamation point will become a green checkmark.

Step 4: How to change your connection once you are logged into the platform.

If you would like to change your connection once you are logged into the platform, then follow the these steps.

• First, go to File in the upper left corner of the platform and then go down to **Broker Profiles.**

• A list of connections will pop up on the right once Broker Profiles is highlighted. Once the list of options appears, choose 'Manage Broker Profiles'

• A list of connected and disconnected Brokers will now appear and on the far right hand side of the panel there will be an option called 'New'. Click **'New'**
