

Rithmic Connection Guide

Step 1: Download Rithmic R | Trader Pro

To begin, download the **Rithmic R | Trader Pro** platform using the link provided [HERE](#).

- On the download page, look for the "Download R | Trader Pro" button.
- Ensure that you download R|Trader Pro Version 17.42.0.0 or higher to avoid compatibility issues.
- **Please note:** R | Trader Pro™ is built for and runs on Windows machines only.

A screenshot of the Rithmic website's "Trading Screens for Windows" page. The page features a navigation bar at the top with links for Home, About Us, Products, Clients, and Help Center. The main heading is "Trading Screens for Windows" in green. Below the heading is an image of two computer monitors displaying trading charts. To the right of the monitors is a white box containing text about the R | Trader Pro platform. At the bottom of this box is a green button labeled "Download R |Trader Pro" with a red arrow pointing to it. The text in the box describes the platform's features, including real-time trading and risk management, and its integration with Microsoft Office Excel. The Rithmic logo is in the top left corner, and a "Free E" badge is in the top right corner.

Trading Screens for Windows

R |Trader Pro™

R | Trader Pro™ is Rithmic's front end trading and real-time risk management screen.

With R | Trader Pro™ you can view quotes, trades, market depth and option strikes in real-time. You can place, modify and cancel orders, and view order history, performance, positions and risk limits.

R | Trader Pro™ supports trailing stops, brackets, OCOs and group orders with charts and a real-time interface to and from Microsoft Office Excel.

In addition, you can view about 100 studies and stream them in real-time into Microsoft Office Excel spreadsheets.

With the power of Excel, you may develop your own indicators and, using Rithmic's two way real-time interface, you may configure trades to be sent back into R | Trade Execution Platform™ through R | Trader Pro™, automatically or with the click of a button.

Step 2: Download Rithmic R | Trader Pro

Once you click the R Trader Pro link then an executable file will be downloaded onto your computer. Once downloaded, open the executable file and install the R|Trader Pro platform.

Once you have installed the software, please follow these instructions when logging in for the first time:

1. Open the R | Trader Pro application.
2. Click on **'Remember Me'** so the system saves your credentials and you don't have to enter them each time you log in.
3. **Orders:** Ensure this is turned **[On]**
4. Leave **Selective Load** turned **OFF**.
5. Copy and paste your **Rithmic ID** and **Password** in both sections.
6. Set the **System** to: **PropShopTrader**.
7. Set the **Gateway** to: **Chicago Area** or the area closest to you.
8. **Market Data:** Ensure this is turned **[On]**. Use the same credentials as above.
9. **Allow Plugins:** Click on **'Allow Plugins'** to turn this feature **ON**. This enables position syncing between Rithmic and your external trading platform.

⚠ **Note:** To ensure seamless position management—especially if one platform is not responding—you must enable **'Allow Plugins'** (or **'Use Plugin Mode'**) on **both platforms so that you can close or modify positions on the platform that is working**.

Step 3: Sign the Required Agreements

Upon your first login, click **Login** and complete the signing of **two mandatory agreements**:

Document	Type	Published	Submit By	Status	Date
Rithmic, LLC Market Data Subscription Agreement	Mandatory	18-Apr-2014	Prior to Next Login		
Rithmic, LLC Market Data Self-Certification	Mandatory	18-Apr-2014	Prior to Next Login		

1. Data Subscription Agreement

- Read through the agreement carefully.
- Click **'I Agree'** to accept the terms and proceed.

2. Market Data Self-Certification

- Review the document and select your correct classification:
 - **Select 'Non-Professional' and submit** if trading for personal use and not affiliated with a financial institution.
 - **Select 'Professional' and submit** only if you meet the qualifying criteria:
 - You **hold** a valid financial license
 - You are **employed** by a financial or trading firm
 - You **use market data on behalf of a company, business, or institution**

Rithmic, LLC Market Data Self-Certification
